However, Treasury Management may be temporarily unavailable due to record updating, technical difficulties, or special maintenance periods. For purpose of transactions, Meadows Financial business days are Monday through Friday, excluding holidays as determined by us. All online transaction requests received after 6:00 p.m. on business days, and all transactions which are requested on Saturdays, Sundays or holidays will be processed on the next business day. All references to time in this document are Pacific Standard Time (PST).

No Signature Requirement: When any payment or other online service generates items to be charged to your account, you agree that we may debit your designated account without requiring your signature on the item and without notice to you.

User ID and Password: The User ID and password issued to you is for your security purposes. Your password is confidential and should not be disclosed to third parties. You are responsible for the safekeeping of your password. For security purposes, the system will automatically prompt you to change your password the first time you log in. You may change your User ID or password at any time while logged in to Treasury Management. The system will automatically prompt you to change your password every 180 days. You agree not to disclose or otherwise make your password available to anyone not authorized to sign on your accounts.

Sessions: A "session" is completed when you click on the "Exit" button, close your browser, or move to a web site outside the secure socket layer established by the Credit union. The session may also be terminated if there is no activity within a set amount of time. In the event of a communications error, the session is terminated automatically. If you have not completed your transaction before the session is terminated, you must begin the transaction again from the beginning. You should be careful to Exit (sign off) after each use of the Online Service to avoid providing unauthorized access to your account by other persons who might have access to the computer on which you conducted your session.

Documentation and Verification of Payments and Transfers: Upon completion of a transaction using Online Banking, a confirmation number (for transfers) will be given. You should record this number, along with the scheduled date and transaction amount in your checkbook register (or other permanent record), because this will help in resolving any problems that may occur. No printed receipts are issued through Online Banking.

Bill Payment Services: You may enroll online for Bill Pay by designating the account from which payments are to be made, and agreeing that we will charge your account for those payments. By using our Bill Payment service you agree that based upon instructions received under your password, we can charge your designated account by electronic transfer or by debiting and

remitting funds on your behalf. All Bill Pay payments are made from your designated checking account. You have the option to pay by paper check or electronically. You may make payments to businesses, merchants, or professionals for products and/or services. You also may make payments to individuals, family or friends for non-business purposes. Payments may be made only to payees with a U.S. payment address. You may not make a payment to any governmental entity or court-directed payments through Bill Pay. When setting up a new payee with the electronic payment option, your payee must already be established in the system's electronic payee database. Be sure you have chosen the correct payee from the look-up option 'Search Electronic Payees' and that you have entered your account number correctly (without dashes or spaces). Please be aware that companies may not be able to be paid electronically when you first attempt to set them up with Bill Pay, but may be added to the list in the future. Remember that you must have sufficient funds available at the time an electronic payment is processed. Electronic payments will not be sent if funds are not available. If you pay a bill by check (paper), the check will be mailed from our processing center in Houston to your payee. The check will post against your account after it has cleared through the banking system, as if you had written the check manually. Meadows Financial will require written notification, if you wish to remove or cancel Bill Pay. Requests for payments to third parties through Bill Pay made before 10:00 a.m. (PST) on a business day are processed that day. Bill Pay requests after 10:00 a.m. on a business day, or on a non-business day, will be processed the next business day. Recurring payments set up by you through Bill Pay, that fall on a non-business day will be processed the following business day. Remember that payments are processed (sent) on the date you specify, however we cannot guarantee when your payee will receive your payment or credit your account. Typically, electronic payments are received in two business days and check (paper) payments mailed through the U.S. Postal Service are typically received in five business days, so plan accordingly. You should also allow additional time for the first payment you send to a payee through Bill Pay to allow the payee to adjust to the new form of payment. You understand and agree that we are not responsible for the timely delivery of postal mail or the improper transmission or handling of payments by a third party such as the failure of the Bill Pay payee to properly post a payment to your account. To cancel a bill payment that you have scheduled through Bill Pay, you must cancel the payment online the day before the date that the payment is scheduled to be processed. If you enter and schedule a payment for the current day, you have until 10:00 a.m. to edit or delete the payment.
